## Start the adventure of a lifetime

"Futures encourages golf to be played as a family game and provide options for this to happen regularly."

Inspiring the next generation of golfers

## What is Futures?

Futures aims to capture the imagination of young people of all skill levels and backgrounds to be active for life, meet new friends, develop valuable life skills and provide opportunities for families to learn and play together.

That's why it's more than a game, it's an investment in brighter futures. To get started in golf, there are always opportunities. You can just have a go at the driving range, learn new skills through coaching, or play with your friends on course.

## Futures Clubs

A Futures Club is a golf club that has made the commitment to inspire the next generation of golfers and is recognised by Golf New Zealand as working towards:

- Creating a welcoming and friendly environment for young people.
- Affordable coaching and membership options for young people and families.
- Forward tees for young people and parents to learn and play together.
- Positive coaching experiences.
- Regular playing opportunities for all levels of ability.
- People who are invested in the outcomes of young people.

Enriching the lives of young people by creating experiences that inspire a lifelong love of golf

## Playing Opportunities

Futures Hubs provide an opportunity for young golfers to meet new friends, learn and play at a variety of golf courses within the region as part of their membership, rather than being based at a single facility. The courses available to members of Futures Geyserland will be communicated to all members. At this stage they include Rotorua Golf Club, Lakeview Golf Club, and Springfield Golf Club.

Regular playing opportunities will be organised at each of these facilities, as well as events on other courses throughout the Bay of Plenty district and beyond.

We encourage golf to be played as a family game, so we provide opportunities for parents to play with their children in Family Team Golf days. A fun experience for everyone!

## Regular Coaching

Each facility will have coaching opportunities provided with coaches that are trained to deliver at each development stage. This will include both volunteers and fully qualified professional coaches.

## Progressive Development Stages

Futures has three progressive stages to inspire a lifelong love of the game. Each stage has offerings for coaching, playing formats, events and experiences to support young people to learn at their own pace and are appropriate for their stage of development.

New players who are starting their journey in golf have the opportunity to learn new skills, have fun, make new friends and can just have a go at smashing balls, hitting targets and watching it fly!

Young golfers who are growing a love for the game, have the opportunity to learn valuable life skills through golf, and develop their confidence and skills on modified course lengths.

Young golfers who have aspirations to develop their skills as a player, loves the game for the personal challenge and variety of competitive opportunities, but also for those who enjoy being outdoors and playing for fun with their friends and family.

Coaches are trained to deliver fun and engaging activities & learning for the stage of development they are coaching. Opportunities are available for the right people to become a Futures Coach. Please contact the club secretary for further information.
